

Impeder Bollards

Impeder Bollard rated to BSI PAS 68/ IWA 14-1

Impeder Bollards are tested and rated in the UK to BSI PAS 68 and IWA 14-1. They are tested against vehicles weighing up to 7500kg, at speeds up to 50mph. We have a complete range of Impeder Bollards with variations in performance; shallow mount, zero penetration and removable options are also available.

A variety of aesthetic coverings are available to ensure they can be permanently integrated into any commercial environment.

Product Features:

- Shallow foundations available
- Available as removable
- Galvanised to ISO EN 1461:2009
- Installed as single unit or complete line
- No maintenance
- Immobilises attacking vehicle
- Ability to withstand subsequent encroachment
